

# Mia Goes on a Shopping Spree!

5 year old Mia from Providence, RI enjoyed a day of being treated like a princess while experiencing her shopping spree wish. Travelling in style in a limo donated by Sentinel Limousine of East Providence, RI, her wish began at Walmart where she got a new television to watch during her physical therapy and a computer for her sign language games. Because Mia's illness hinders her growth, her next stops were Babies R Us and Baby Gap to find size 24 month old clothes and some pretty hair bows and accessories, which she loves to wear! Some crazy vanilla ice cream and lunch was donated by Newport Creamery for Mia and her family and Mia even got a special visit from news reporter Mario Hilario of NBC 10!
