

Omar Goes to Disney World!

7 year old Omar received his wish on June 23, 2010 to go with his family to Disney World for a week and see Mickey Mouse & friends! He stayed at Give Kids The World Village where children from all over the world with life-threatening illnesses stay when going to Disney for their wishes. His wish was complete with a limo ride to and from the airport (donated by Sentinel Limo in East Providence, RI) that made him feel like the star that he is!
